

“TECHSYS 2019”

8th INTERNATIONAL SCIENTIFIC CONFERENCE
on ENGINEERING, TECHNOLOGY AND SYSTEMS
16-18 May 2019 | Plovdiv | BG

organized by the Technical University of Sofia, Plovdiv Branch

CONFERENCE TOPICS

The topics of the conference include but are not limited to:

<http://techsys.tu-plovdiv.bg/>

Automation, Control Systems and Robotics

Industrial Automation; Control Systems; Robotics; Intelligent systems; Monitoring and control of complex systems

Electrical Engineering and Electronics

Power electronics and microelectronics; Power systems; Renewable energy sources and systems; Energy efficiency and power quality; Modeling and virtual engineering in electric industry; Optoelectronics and Lasers

Computer Engineering, Informatics and Communications

Computer Engineering and Systems; Communication Technologies; Cyber security; Information society; e-Learning

Mechanical Engineering

Mechanical Engineering and Technologies; Design, Construction and Manufacturing of Machines; Mechanics; Mechatronics; Material science

Automotive and Aeronautical Engineering

Automotive Engineering and Technologies; Airspace Engineering; Intelligent Transport Systems; Vehicles Dynamics; Transport Logistics and Infra-Structure

Industrial Management and Design

Graphic Design and Printing; Industrial Design; Economics and Management; Engineering Education

Mathematics, Physics and Chemistry.

PAPER PUBLISHING:

There are two different options for paper publishing and respectively an independent selection process for both of them will be proceed:

Option 1: The selected papers written in English are going to be published in a special volume of Open Access series – „MATEC Web of Conferences“. The electronic series MATEC Web of Conferences (eISSN: 2261-236X) are indexed by a number of leading databases, including Scopus, the Conference Proceedings Citation Index (Web of Science), EBSCO (EBSCO Discovery Service), and others. The book series is dedicated to archiving conference proceedings dealing with all fundamental and applied research aspects related to Materials science, Engineering and Chemistry.

Option 2: The selected papers will be published in one of the following volumes:

- The Proceedings of the eight international scientific conference “Engineering, Technologies and Systems” TECHSYS 2019 ISSN 2535-0048
- Journal of the Technical University - Sofia, Plovdiv Branch “Fundamental Sciences and Applications”, ISSN 2603-459X (only papers written in English)

The conference fee covers:

- Attendance to the conference
- Conference information materials
- Coffee breaks
- Conference dinner

! Each paper should be presented at the conference.
! Maximum of two papers per author is accepted.
